EDUCATION

VIT University — **Chennai, Tamil Nadu** — **CGPA:** 8.79
B. Tech in Computer Science — Sep 2022- Present

Sri Chaitanya Jr College — **Vijayawada, Andhra Pradesh** — **Percentage:** 94.3 %
11th, 12th — Apr 2020 – Aug 2022

Dr. KKR's Gowtham INT School — **Vijayawada, Andhra Pradesh** — **Percentage:** 93.0 %
10th — Jun 2019 – Mar 2020

EXPERIENCE

Gas Authority of India Limited (Summer Internship) — May 2025 – Jul 2025

Tech Stack: ASP.NET Web Forms (C#), MySQL, HTML, Excel Interop, closedXML

- Built a scalable, role-based quiz management system with secure admin, user, and reviewer access control.
- Implemented quiz creation modules supporting manual input and Excel upload with real-time data validation.
- Developed features like countdown-based timed quizzes, auto-evaluation, and detailed user performance tracking.
- Designed interactive admin dashboards to monitor quiz lifecycle, approval workflows, and analytics reports.

PROJECTS

Multilingual Voice Assistant Medical Chat Bot using LLaMA2 — Jan 2025 – Mar 2025

Technologies: Python, LLaMA2, Hugging Face, PEFT, TRL, BitsAndBytes, gTTS, Google Translate API

- **Speech Recognition & Processing:** Utilized Speech Recognition and PyDub to process voice inputs in multiple languages.
- **Text Generation & Fine-Tuning:** Fine-tuned LLaMA2 on medical data using PEFT for domain-specific text generation.
- **Multilingual Support:** Incorporated Google Translate API for real-time language translation.
- **Speech Synthesis**: Integrated gTTS for converting AI-generated responses into natural-sounding speech.
- **Efficient Model Deployment**: Optimized memory usage with 4-bit quantization using BitsAndBytes.

Evolutionary Neural Network–Driven Autonomous Vehicle Simulation (Virtual World) — july 2025 – Nov 2025

Technologies: JavaScript (ES6), HTML5 Canvas, OpenStreetMap, NEAT-style GA, Graph NNs, Ray-casting Sensors

- Built OSM-grounded urban maps (Northern Helsinki): lanes, intersections, borders, drivable envelopes.
- Implemented kinematic bicycle + polygon collisions; multi-ray LiDAR with traffic-light/yield/crossing/proximity fusion.
- Co-evolved topology and weights (pop=50, gens=100) via multi-objective fitness (safety/efficiency/comfort/compliance).
- Results: 89.7% success, 4.9% collisions; <8% drop on unseen maps; 44% fewer collisions vs heuristic; ~67-gen convergence.

ACHEIVEMENTS / CERTIFICATIONS

- IEEE YESIST 2024 FINALIST (International Hackathon)
- Dev's House hackathon finalist organized by Google Development Student Club (ranked 6th) (National Hackathon)
- Oracle Cloud Infrastructure 2024 Generative AI Certified Professional
- Microsoft Certified Azure AI 900 Fundamentals

SKILLS

Programming: C++, C, Java, SQL, Python
Tools: IntelliJ, PyCharm, VS code, Visual Studio
soft skills: Public Speaking, Agile Leadership, Strategic Planning
Languages: English (fluent), Hindi (fluent), Telugu (fluent)

LEADERSHIP & VOLUNTEERING

Principal Secretary – NSS, VIT Chennai — Sep 2024 - Present

- Organized the Tamil Nadu State Youth Festival, statewide campaigns, and social initiatives, leading 200+ volunteers.
- Represented NSS VIT Chennai at state and national programs including NIC and TN Republic Day Parade
- Collaborated with NGOs, benefiting 1000+ people through education, health, and sustainability programs.
- 7-day NSS Special Camp in Kayar village, conducting awareness campaigns, teaching, cleanliness drives, and tree plantations.
